Chapter 1

It's the day we shall live or die we just got a message about what the animus has done. It said the dragonets and up of night will lose their fire plus lose their mind-reading Capabilities too but only in times of war. This message was sent Everywhere In a matter of a few weeks. This was very bad for the night wings even the ones that don't fight in the war to lose their Capabilities and Forced to hide in the shadows and night wings started getting scarce all over the continent.

Chapter 2

After the night wings got mad and made their animus Make the ice kingdom so cold that not even an ice wing could survive. Then one dragon neither from one tribe nor the other fighting in this war Destroyed both of the curses that they put on each other. We helped Guide them into peace to keep this war from ever happening again.
